

## R NINE ONE

The R NINE ONE was developed to bring the very best of our commercial machine development programme into a machine capable of outstanding results. Designed for use in a small commercial application or home environment.

Thermal stability through the Rocket Espresso fully saturated group system, coupled with digital PID temperature control

Pre and Post infusion controlled through a full pressure profiling system, using the 5 preset programmes or via manual control through the Rocket Espresso paddle system.

Direct water connection or built in water reservoir, an espresso machine designed to deliver spectacular results in the cup, through both stability and flexibility of control parameters.
